**Home Care Treatment advice**

Below is some simply information for the parents of children who have been to a Glitzy Chix Pamper Party:

- **Mini Manicure & Pedicure**  
All varnishes and nail art can be removed with acetone nail polish remover, readily available on the high street.
- **Facials**  
As a young girl's skin needs very little extra products added to it to keep it looking fresh. Chic therapists will only be using a hypoallergenic light cleanser and moisturiser with a spritz of toner.
- **Make-up**  
A light (generally) glittery and pink look with optional skin gems. All make-up can be removed with soap and water or a light fragrance free cleanser/make-up remover.
- **Funky Hairstyles**  
The girls can pick from a variety of styles, all of which are put-ups only. Styles include using hair clips, hair bands, clip-on extensions and spray glitter. The styles will be produced using disinfected combs, brushes and a light hairspray, which can be just brushed out.
- **Stick on Tattoos**  
Applied with water and removed with warm soapy water.
